### What is Refresh E-Design Work Session?

It is a virtual or electronic online interior design service (e-design) It is the best way to get a professionally interior designed home on a budget, entirely around your schedule and all online. This innovative design experience is a do-it-yourself approach that provides you with professionally ideas to refresh your space that you can implement according to your timeline.

**YOUR DREAMS - MY CREATIVITY - MY REVEAL**

## **Who is Re-Fresh E-design for?**

For the clients that leads a busy life. Between raising kids and a full time job, they just don't have the time to coordinate meetings with a designer or arrange orders for their new design look. We save you time and money, we collaborate entirely through MyDoma Studio to your own personal online platform to create a unique and personal design plan. I love to save people money, so I look for the best deals possible.

## **What is not offered in Re-Fresh E-design services?**

I can give you visual idea of the space, however my plans are not to be used as construction documents. They are to be used as visual reference to implement a design plan. My plans are strictly for decor and design that you can do yourself. I do recommend that you hire a professional electrician for any ceiling light fixtures that are in the design.

## **How Does Re-Fresh E-Design work?**

You do not need to be local for us to help you create a space you love. It's super simple! - Select your desired design package. You send photos, measurements, and a budget. We then create the design plan and provide you with a custom shopping list. It's that easy!

**YOUR DREAMS - MY CREATIVITY - MY REVEAL**

## Here is a step-by -step of how my re-fresh e-design process works!

A design collaboration entirely online. I will provide you items and include visual resources during the entire process. Design process typically takes 2-4 weeks.

**Step 1** - Payment is required to begin. This can be done on our website for credit card payments. If you wish to do online banking transfer email [patrina@careyinteriordesigns.com](mailto:patrina@careyinteriordesigns.com) directly and I will email you an invoice for the design fee.

**Step 2** - Once payment is received, I will email directly a welcome kit and an invite to your online studio where you will fill out my questionnaire form and you can upload all your project information, pictures, inspiration ideas and anything else you want me to know before I begin my research. Everything is online and virtual.

**Step 3** - Now the fun begins! I research and present a mood concept board full of product ideas with in 5-7 business days (for a 1 room add extra time for multi-rooms) of receiving the project information.

**Step 4** - We will then discuss your likes and dislikes of each piece on the concept mood board and I will send alternative options (up to 3 new options per item if necessary- any options over 3 are subject to additional \$50 fee). We do all this in your studio!

**Step 5** - Once you love all the items we have discussed and are happy with the them, you will be provided a shopping list. I typically have this to you with in 5 to 10 business days per room.
